***MISSION: EMPOWERING CHILDREN TO ACHIEVE
THEIR HIGHEST POTENTIAL.***

Who we are.

Kid Kare Project, Inc. is a 501 (c) (3) nonprofit organization. Our office is located in Clinton, Indiana. We offer a Direct Assistance program to children 0-18 years old residing in Vermillion, Vigo and Parke counties. Our goal is to enhance children's self esteem to enable achievements.

FOUNDED

December 1999, three mothers of twelve-year-old children became increasingly concerned about their children's peers who were growing up in the midst of financial hardship. Having such proximity to these children prompted the founding of Kid Kare Project, Inc.

MISSION

Empowering children to achieve their highest potential.

VISION

Providing material items and participation funding to enrich the lives of children. Our goal is for children to reach their highest potential, by blending with their peers in the school environment, graduating, and ultimately becoming productive citizens.

Stories

"My Kids love sports and Kid Kare made it possible for them to be able to play. For a while I was on my own & even now struggle from time to time to get what my kids need. Kid Kare has always helped me through the struggle"

"Kid Kare is a really great program. I don't know what I would do without them. Things have been tough because of the economy. We've gone days without essentials like toilet paper, shampoo and even laundry soap. It's crazy the small things you take for granted every day until you no longer have them. My daughter received new clothes and even things for her hobbies. I am forever grateful for Kid Kare. There isn't enough Thank You's to show the gratitude I have for them but Thank You!"

Kidkare helped me by giving me food to eat, and school supplies i need. They gave me cloths to wear, and shoes to protect my feet. Kid Kare also helped me By making ME have stuff + things i need.

Thank, you KidKare!
